The premium lighting package includes lighting design for the entire venue in addition to one large format signature centerpiece.

Premium Lighting Packages start at **\$2499**

## *Frequently Asked Questions*

### **What price can I expect to pay?**

Every event is unique but you can get a general idea for your budget by taking a look at our packages. The four different investment levels can give you some starting points to think about.

### **Why is a package better than itemized pieces?**

When we create a lighting package we include all of the pieces required for a desired effect. Selecting individual items a-la-carte will drive up the price quite quickly.

### **Is there a minimum?**

Yes, our minimum investment is \$999.00. This minimum ensures that we can create a basic but stunning design for most venues. Any less than this runs the risk of the final design looking unfinished.

### **Will the lights be delivered and who sets them up?**

Don't worry, we will take care of delivering the lights, setting them up, and when your event is complete we will return to retrieve them.

### **What is a large format signature piece?**

This includes any chandeliers or fixtures that are larger than 2 feet long and 2 feet across.

### **Do you do draping?**

Yes, draping is one of our specialties. The pricing for draping is far more complex than lighting. Factors that influence price are quality of fabric, size of fabric, quantity, and the style of draping. Call us with your ideas and we can prepare an estimate.

### **Do you create custom fixtures?**

Yes, we can bring your Pinterest projects to life! If you can think of it we can put lights in it and transform it into a centerpiece or chandelier.
